### HOW TO HAVE REAL FUN

In January 2016 our parent body Sadhu Vaswani Mission is observing 50th death anniversary of our revered founder Sadhu TL Vaswani. Here is a small but profound incident which reflects the greatness of this mystic saint.

Sadhu Vaswani was a popular professor whose lectures were attended by not only students but other professionals also. Students were very devoted to him. One day he took them out on excursion where labourers were engaged in work of construction. They had taken off shoes. Some students hid the shoes of labourers behind bushes. Students wanted to have fun. They thought it would be a sight to watch them searching for shoes.

When Sadhu Vaswani learnt about this, he said to students, "Come, I shall show you how to have better fun". He asked the students to keep shoes in proper place and insert a rupee coin in every shoe. "Then, watch the faces of workers when they wear the shoes, and you will have the greatest fun of life."

**LOL....**Why is 1st April celebrated as fool's Day. Because after paying all taxes up till 31st March, we start working for government again from 1st April.
